

NRI Electronics is a diverse Electronic Manufacturing Services (EMS) company that provides printed circuit board assembly, wire harness / cable assembly, electromechanical integration / panel assembly and design assistance for the industrial, telecommunications, computer and medical OEM markets. Since 1982, we have offered a full range of value added services that currently includes design assistance, material procurement and management, prototyping, final systems integration, functional and in circuit test, and dock-to-stock distribution.

We have three manufacturing facilities conveniently located in Anoka, Aurora and Rochester, Minnesota. Our facilities encompass over 88,000 square feet, utilizes state of the art equipment / processes, and employs over 120 people. **Anoka** (ISO 9001 compliant) specializes in PCB assembly and Mechanical Integration utilizing IPC / 610 Rev C, Class II standards. **Aurora** (ISO 9001:2000 Registered) and **Rochester** (ISO 9001 compliant) specialize in Cable / Wire Harness assembly and Mechanical Integration utilizing IPC / WHMA-620 assembly standards.

Our goal is to develop long-term partnerships where we understand and exceed your expectations by reducing cost, improving efficiency, quality and delivery performance. We are proud of our loyal customer base built on strong relationships developed through honesty, trust and teamwork.

Anoka (Twin City Metro)

Rochester (South)

Aurora (North)

NRI Electronics, Inc.

SMT / Through Hole PCB, Wire and Cable Assembly - Turnkey or Consignment
Design, Quick Turn Prototyping, Test, Electro-Mechanical / Final Assembly

3651 Thurston Avenue . Anoka, MN 55303 / Phone 763-427-9572, Fax 763-427-4566

200 South Second Street East . Aurora, MN 55705 / Phone 218-229-3426, Fax 218-229-3820

1605 N. Broadway . Rochester, MN 55906 / Phone 507-252-9405, Fax 507-252-9995

Quality products are the lifeblood of our business and our everyday goal. Each phase of manufacturing utilizes stringent in process controls for quality assurance throughout the manufacturing process. Each team member at NRI Electronics is committed to providing superior products that exceed customer requirements. Our strict adherence to a quality policy consisting of unmatched quality, continuous innovation, 100% on time delivery, and dedicated customer service is designed to set the standard for the industry for years to come. NRI Electronics is geared for continuous improvement in all areas of its business. With relentless attention to detail and dedicated pursuit of these goals, we will achieve the ultimate goal of TOTAL customer satisfaction. Our services include:

- Electronic Design Assistance Services
- Rapid Prototyping Services
- Printed Circuit Board Assembly
- Automated SMT Assembly
- Automated Thru-Hole, Axial and DIP Insertion
- Functional and In-Circuit Test Capabilities (H/P, Gen Rad, Teledyne)
- Final System Electromechanical Assembly / Integration
- Wire Harness / Cable / Panel Assembly
- Wire Stamping / Marking
- Automatic Wire Doubling of open barrel terminals
- Automatic Weather Seal application
- Flat Ribbon assembly
- Automated Convuluted Tubing processing equipment up to one inch
- Automated Co-Ax stripping equipment
- Ultra-Sonic Welding
- Wire Braiding up to two inch diameter
- Material Procurement and Management
- Complete Consignment, Turnkey Services
- UL, TUV, CSA, MITI registered
- Build to IPC / 610C Class II (PCB), and IPC / WHMA-620 (Wire Harness) Standards
- **Anoka & Rochester** - ISO 9001 Compliant, **Aurora** - ISO 9001:2000 Registered

We are proud of our world class processes, facilities, equipment and most importantly personnel. Need a closer look? We would enjoy having you tour.
